

K-LOVE is very important to my family. It is very up lifting in my family's service to Jesus Christ. I think it could hurt our community if LPFM takes K-LOVE's place because so many of my love ones have had their lives changed by K-LOVE. K-LOVE is changing lives everyday over 7000 people gave their lives to Christ because of their ministry. Everyone knows, no matter what the world may say that if the love of Christ is being taught it makes people better. Not only better citizens but better husbands, wives, workers, and children just to name a few. Please keep K-LOVE part of our community.
